

Southern Regional Science Association (SRSA)
Application for Undergraduate Poster Session
SRSA Annual Meeting 2023

The 4th Annual SRSA Undergraduate Poster Session will take place during the 2023 SRSA Annual Meeting, March 30 through April 1, 2023, at the Marriott Savannah Riverfront, Savannah, Georgia.

This is a great opportunity for undergraduate students to present their research. While the SRSA is a regional organization for the advancement of regional science, in the interest of expanding the pool of future researchers, we will consider a broad range of research topics.

Each participating undergraduate student will be expected to prepare an academic poster and give a 3- to 5-minute oral presentation about his/her research. Other activities to enhance the experience for the students are also planned.

To apply, students should complete the following and submit to Dr. Juan Sayago, Universidad Icesi, at jtsayago@icesi.edu.co. Each student must also have their faculty sponsor submit an email supporting the submission to Juan Sayago at jtsayago@icesi.edu.co.

The deadline for submissions is midnight February 27, 2023. Applicants will be notified about participation by March 3rd, 2023. **All selected participants will have their registration fee waived.** Students will be responsible for their own travel and are encouraged to reserve a hotel room early as the SRSA block may sell out.

Full Name: _____

Email: _____

Department and University: _____

Year of study: _____

Date of birth (Day/Month/Year): _____
